Upgrading the Discovery Package

The Discovery Package may be upgraded to the Classic Package or better as a first step. Once you have upgraded to the Classic Package or better, additional books and or repertories may be added, and the libraries in both MacRepertory or ReferenceWorks may be upgraded.

Example:

1. You purchase the Discovery Package.
2. You upgrade to the Classic Package.
3. You decide to upgrade ReferenceWorks Classic with Core Library 2, which you got when you upgrade to the Classic Package, to ReferenceWorks Classic with Library G2. (815 Volumes).
4. You decide to order the Repertorium Universale/Complete 2005.
